Can I Attend Some or All Lectures if I Don't Enroll?

A lot of people want to do this. For main lectures, this is great, but if space becomes limited, enrolled students will have preference. For workshop, you need to enroll and attend all sessions, as they will build upon one another and there will be weekly exercises.

Can I Enroll as a Postdoc (and What Will it Cost)?

We don't know the answer to this question at this time (but see "what if I don't enroll?" Above)
